

Below are some of Sohail Inc's recent contributions to make potato farms more inclusive and productive:

Trained over **400 potato** workers on sowing, harvesting and crop handling topics

Trained over **120 potato** workers on financial literacy, health and hygiene topics

Trained over **50 potato** farmers and their buyers on gender inclusive management on farm

Established **inclusive physical infrastructure on multiple potato farms** by creating daycare centers, separate female washrooms, and digitization of farm record systems.

Diversified potato supply by creating **over 35 new female led potato farms**

The result

“

With around 100 female laborers at a time on the farm, I've seen the daycare **reduce their stress and allow them to focus on work** in a more relaxed environment.

“

This (digital skills) training **will provide me with a steady monthly income**, so I won't need to rely on daily wage work on the farm.
